Professional Summary

Transitioning from a Mechanical Engineering background, I am now a Full-stack Developer with over a year of hands-on experience in C#, ASP.NET Core, and Entity Framework. My recent work includes building an internal EV charging management system, where I developed responsive user interfaces and integrated robust database operations. Seeking a challenging .NET Developer role to leverage my engineering mindset and technical skills in building scalable software solutions.

Technical Skills

Programming Languages & Frameworks: C#, .NET Core, ASP.NET MVC, Entity Framework, Java(Basic)

Frontend: HTML, CSS, JavaScript, jQuery, Bootstrap

Database: SQL Server, PostgreSQL, SSMS

General: Object-Oriented Programming (OOP), RESTful APIs & CRUD Operations

Languages: Thai (Native), English (Upper-Intermediate)

Work experience

MULTIPROOF Co., Ltd. (Position: Developer) (1 Year 2 months) 2024 - 2025

- Developed and maintained web applications using C# and ASP.NET Core (MVC) to support internal business operations.
- Built responsive user interfaces using HTML5, CSS3, JavaScript, and Bootstrap.
- Designed and managed database schemas using SQL Server and implemented data access layers with Entity Framework Core.

CHC-Chemical Co., Ltd. (Position: Operation Engineer) (3 months) 2023

- Oversaw on-site operations and conducted laboratory experiments to analyze and optimize process performance.

Scan Inter Public Co., Ltd. (Position: Intern) (4 months) 2022

- Assisted senior engineers in the maintenance and troubleshooting of industrial machinery to ensure operational efficiency.

Personal Projects

Asset Management System (ASM) | C#, .NET Core, Entity Framework, SQL Server

- Developed a full-stack internal web application for comprehensive corporate asset tracking.
- Implemented a secure Role-Based Access Control (RBAC) system, featuring full CRUD operations for users and granular permission assignments.

Education

Rajamangala University of Technology Suvarnabhumi 2019 - 2023

Bachelor of Engineering (Mechanical Engineering)

GPA: 3.54/4.00 (Second Class Honors)

Triamudomsuksa Pattanakarn Nonthaburi School, Science – Math Program 2016 - 2018

Licenses and Certifications

- Certificate of Completion: JAVA Software Engineering Bootcamp 2023 2023
- Professional Diploma of Associate Engineer from COE 2023
- Honorable Mention Types of Computer Aided Design in Mechanical Engineering (CAD/CAE) 2022
